Personal Summary

Olle is a first year master's student in Data Science and AI at Chalmers University of Technology. He holds a BSc in Industrial Engineering & Management and has just returned from exchange studies at NCTU, one of the top universities in Taiwan. He has a passion for technology and strives to achieve top results in everything he does. He is currently looking for internships and MSc thesis opportunities for the spring of 2021.

Higher Education

Chalmers University of Technology	2016 - 2019
BSc Industrial Engineering & Management	
Chalmers University of Technology	2019 -
MSc Data Science & AI	

Non-Profit Experience

Chalmers International Taiwan Office	2019 -
IT Responsible	

I currently maintain the website <https://cito.chalmers.se/>.

The Board of the IEM Student Division	2017
IT Responsible	

Managed and maintained most IT systems used by the IEM student division and sat on the board of the IEM Student Division. Most notably, I rebuilt the website <https://i-chalmers.se/>.

The Board of ESTIEM Local Group Gothenburg	2017
PR Responsible	

ESTIEM is a network connecting IEM students from all over Europe. I took part in arranging events, typically 1-7 days long, aimed at connecting IEM students from Chalmers and abroad, and I was also responsible for marketing these events toward both foreign and Swedish students.

Work Experience

Allakando	2018
Private Teacher	

As a private teacher, I taught two students mathematics in one-on-one sessions twice a week. The lessons were geared at high school maths and the Swedish SAT (Högskoleprovet). Both students achieved their goals.

Volvo Group Trucks Operations / Adecco Bemanning	2018 - 2019
Assembly line worker.	

I worked on the evening shift at the Volvo Tuve assembly plant. I rotated around 4 stations and mounted doors, seats, windscreens and other details on the in- and outside the truck cabs. I also did kitting.
